

Train performance at Scunthorpe railway station

How reliable were train services at Scunthorpe station recently?

4-week period from 7 December to 3 January	Train punctuality at Scunthorpe	Trains cancelled at Scunthorpe
	68.8%	3.3%
 NORTHERN	87.5%	1.1%
North & East Route:	73.3%	6.2%

What are we doing to improve?

Next three months:

We're working to reduce speed restrictions between Cleethorpes and Doncaster by improving how the track is maintained, helping trains run more smoothly and on time.

Next year:

Make technical improvements to the canal bridge at Keadby to improve reliability, particularly during hot weather.

Longer-term:

We're working closely with Network Rail on ways of improving the line to make services faster, including reducing the number of foot crossings, which can slow trains down

Chris Jackson, Managing Director TransPennine Express

Punctuality is the percentage of trains that arrived within three minutes of the scheduled time.

Cancelled means the percentage of trains that were scheduled to, but didn't, stop at this station. This does not include trains which didn't stop at this station if the decision was made before 22:00 the previous day.
