

Train performance at Stalybridge railway station

How reliable were train services at Stalybridge station recently?

4-week period from 1 to 31 March	Train punctuality at Stalybridge	Trains cancelled at Stalybridge
	74.8%	0.8%
 NORTHERN	82.0%	2.3%
North West Route:	83.8%	2.6%

What are we doing to improve?

Next three months:

Install a new signalling system as part of the TransPennine Route Upgrade, helping trains run more smoothly by allowing signals to be set more quickly and reliably.

Next year:

Improve measures to reduce the risk of vehicles striking bridges along the route.

Longer-term:

Completion of the TransPennine Route Upgrade and introduction of new trains

Chris Jackson, Managing Director TransPennine Express

Punctuality is the percentage of trains that arrived within three minutes of the scheduled time.

Cancelled means the percentage of trains that were scheduled to, but didn't, stop at this station. This does not include trains which didn't stop at this station if the decision was made before 22:00 the previous day.
