Punctuality is the percentage of trains that arrived within three minutes of the scheduled time.

Cancelled means the percentage of trains that were scheduled to, but didn't stop, at this station. This does not include trains which didn't stop at this station if the decision was made before 22:00 the previous day.

Customer satisfaction is based on the results of the Rail Customer Experience Survey and is the percentage of journeys with that train company that were rated "Very satisfied" or "Fairly satisfied", when answering the question "Overall, how satisfied or dissatisfied were you with your entire train journey from A to B".
